

Product Information

A PRODUCT OF THE VALVOLINE COMPANY A DIVISION OF ASHLAND INC.

Valvoline Drive Train Transmission Oil

Description

Valvoline Drive Train Transmission Oil is a heavy duty power transmission and drive train lubricant designed and recommended for transmissions in city busses, off-road machines, lift trucks, specialty vehicles and other such equipment. It is designed for transmissions and drive trains **only** and should not be used as an engine oil.

Advantages

- Formulated for premium base stocks and a selective additive system to meet the challenging demands of modern Equipment.
- Provides friction material and elastomer compatibility.
- Guards against gear wear, rust and corrosion.
- Inhibited against foaming and oxidation.

Approvals / Performance Levels

Caterpillar TO-4
Allison C-4
ZF TE-MLO3 for use in ZF torque converter transmissions.

Properties

Test	Typical Property
SAE	30
Density @ 20°C	0.8896
KVis @ 100°C cst	11.59
Viscosity Index	95
Pour Point °C max	-25
Flash Point C.O.C.°F	480
TBN	11.59
