

Product Information

A PRODUCT OF THE VALVOLINE COMPANY A DIVISION OF ASHLAND INC.

Valvoline 1 - 2 - 99

Description

Valvoline 1299 is a multi-purpose lubricant, penetrant, cleaner, moisture displacer and rust preventative.

This versatile product is ideal for household, automotive, marine and industrial applications. Protects from corrosion with a transparent, non-staining, non-sticky film. Cleans and lubricates in either hot or freezing conditions; helps free frozen locks or other mechanisms. **Valvoline 1299** is a most useful item for the handyman, sportsman, hobbyist or industrialist.

Advantages

- Aids elimination of moisture induced shorts in electrical and automotive ignition systems.
- Insulates.
- Penetrates hard-to-reach areas.
- A universal lubricant with "one to ninety nine" uses.
- Excellent protection against corrosion.
- Excellent resistance to moisture.
- Most economical to use.

Application

Presented in an easy-to-use aerosol pack. Can be applied to ignition systems, electrical equipment, outboard motors, tools, mechanisms, precision instruments, locks, aircraft, battery terminals, chrome finishes, fishing reels, etc.
