

# Product Information

A PRODUCT OF THE VALVOLINE COMPANY A DIVISION OF ASHLAND INC.

## Valvoline Jetclean RTU

### Description

Valvoline Jetclean RTU is a ready-to-use powerful, solvent based, water washable degreasing fluid.

### Application

Widely used for degreasing and cleaning of automotive engines, industrial machinery and new components after storage. Applied by brush, spray or dipping. Work in well then allow to stand for a few minutes. Wash off with water. A clean surface is left which dries readily.

### Advantages

- Effective and controlled cleaning and drying.
- Non-corrosive and non-staining.
- Non-alkaline and Non-acidic in nature.
- Works rapidly on grease and dirt.
- Easily applied.
- Easily washed off with water.
- Does not affect metal, rubber, plastic wiring and painted surfaces.
