

Product Information

A PRODUCT OF THE VALVOLINE COMPANY A DIVISION OF ASHLAND INC.

Valvoline White Synthetic ChainLube

Description

Valvoline White Synthetic ChainLube uniquely providing excellent penetration characteristics with either o-ring or x-ring designs. White Synthetic ChainLube is suitable for use with all chains, in either on-road or off-road applications. Delivering optimum anti-wear protection, the product also features excellent bonding to metal, ensuring maximum chain and sprocket life. White Synthetic ChainLube also leaves a white film, which not only makes the application process easier, but provides the customer with a simple way to see that the service has been completed satisfactorily.

Advantages

- O-ring and X-ring safe
- Ensures maximum chain and sprocket life
- Easy application
- Quick performance
